# Krina Suthar

**UI/UX & Graphic Designer | AI-Assisted Designer** **Portfolio: krinasuthar.netlify.app**

Ahmedabad, Gujarat • 121krinas@gmail.com • 9687909729

## SUMMARY

UI/UX and graphic designer who's been building real websites, apps, and dashboards for clients and teams since 2025. I use AI to go from idea to live site fast, but the taste and design calls stay human. Comfortable in Figma, Webflow, and code, so handoffs with devs are smooth, and nothing gets lost.

## SKILLS

**UX & UI Design:** User Research, Competitive Analysis, User Flows, Wireframing, Prototyping, Interaction Design, Visual Design, Responsive Design, Usability Testing, Design Systems, Accessibility, UX Writing

**AI-Enabled Design:** AI-Assisted UI Ideation, Prompt-Driven Web Prototyping, Vibe Coding, AI Design-to-Code Workflows, Rapid UI Iteration

**AI Tools:** Claude, ChatGPT, GitHub Copilot, Codex, Cursor, Antigravity, Midjourney, Figma AI, Figma Agent, Framer AI, Emergent AI, v0

**Design & Web Tools:** Figma, Framer, Webflow (CMS, interactions), Miro, Adobe XD, Adobe Illustrator, Adobe After Effects, Adobe Express, Canva, Blender

**Dev & Collaboration Tools:** VS Code, HTML5, CSS3, JavaScript, React, Git, Jira, Linear

## PROFESSIONAL EXPERIENCE

### UI/UX & Graphic Designer — Techlusion

Ahmedabad • Dec 2025 – Present

- Designed responsive web and mobile interfaces, dashboards, and web platforms in Figma for client and internal projects, backed by user research and competitive analysis.
- Refined websites and launched them live in production using AI tools (Framer AI, Emergent AI, Webflow), making designs more interactive and impactful for users; used Figma AI for early concept and content variations.
- Prototyped design-to-code with Cursor, generating and refining HTML, CSS, and React interfaces from Figma concepts to bridge design and development.
- Built responsive website prototypes in Webflow, working with layouts, interactions, and CMS.
- Ran usability testing and gathered stakeholder feedback to drive iterative improvements; partnered with developers to turn requirements into consistent interfaces.
- Managed social media platforms and produced social media assets, including videos, posts, and blog articles, plus branding assets, using Figma, Blender, After Effects, Adobe Express, and Canva.

### UI/UX & Graphic Designer — Codage Habitation Pvt. Ltd.

Ahmedabad • Jan 2025 – Jul 2025

- Designed responsive web and mobile interfaces in Figma, Adobe XD, and Canva for live client and internal projects.
- Applied wireframing, prototyping, usability testing, and visual design across web, mobile, eCommerce, B2B, real-estate, and Web3 projects.
- Contributed to product redesigns and branding work based on project requirements and feedback.

## SELECTED PROJECTS

**SW Habitation Blog Site** (Web • Jan–Apr 2025) — Developer-focused tech blog redesign with a minimal, readable layout and full page flow.

**SOMISH Realty Website** (Web) — Real-estate redesign with clean layouts and easier property search across all pages.

**Explore Local Events App** (Mobile) — Event discovery app case study with quick access and a clear booking flow.

**Cricket Scoreboard App** (Mobile) — Live-score app redesign with card-based layouts for stats, commentary, and news.

**Weather App** (Mobile • Dark theme) — Dark-themed forecast app showing essential weather data in a minimal layout.

**Dental Practice Website** (Web) — Landing page redesign built to earn trust and guide visitors to book appointments.

**Yugal Matrimony Website** (Web) — Home page redesign with an elegant, trust-focused feel for Indian matchmaking.

**News & Blog Website** (Web) — Modern, responsive blog redesign balancing content discovery and strong editorial presence.

## EDUCATION

### B.Tech in Computer Engineering

Oct 2021 – Mar 2025

U.V. Patel College of Engineering, Ganpat University • GPA: 6.09
